REPORT.

THE number of Pupils in the College in the Session 1849–50 was 803; namely, 511 Students and 292 Pupils of the Junior School. Of Students, there were in the Faculty of Medicine 249, in the Faculty of Arts and Laws 262. The largest number of boys in any one term in the Junior School was 247. Compared with the preceding Session, the numbers were—in the Faculty of Medicine less by 35; in the Faculty of Arts less by 19; in the Junior School more by 7. In the Patriot Fund Classes for Schoolmasters there were 49 Students. The amount of Fees was 12,457*l.* 5*s.*: *i. e.* for the Medical Faculty for attendance on Classes, 2949*l.*; for attendance on Hospital Practice, 1319*l.*, making 4268*l.*; for the Faculty of Arts, 4019*l.* 5*s.*; for the Junior School, 4170*l.* The share of Professors and Masters (over and above annual augmentations to the Professor of Surgery 100*l.*; to the Professor of Comparative Anatomy 50*l.*; to the Professor of Natural Philosophy and Astronomy 150*l.*; and to the Professors of the Schoolmasters' Classes, dividends of the Patriot Fund, 90*l.*) was 8748*l.* The College portion was 2389*l.* The sum of 1319*l.* received for attendance on Hospital Practice was paid to the Hospital Committee towards the support of the Charity.

The entries for the current Session, up to this period, are: Medical Students 191, of whom 31 are New Students; attendants on Hospital Practice 31; Students of the Faculty of Arts 180, exclusive of 54 Schoolmasters—the New Students being 93. The numbers at the corresponding period of the last Session were: Medicine 236, New 50; Hospital 45; Arts 197, New 92.

The number of boys this term in the Junior School is 258; at the corresponding period of last year it was 236.

The number of Students of the College who took Degrees in the University of London in the year 1850 was as follows:—LL.D. 1, the only Graduate of that class; M.D. 3, of a total of 13 from 8 schools; M.A. 8, of a total of 10 from 3 Colleges; LL.B. 1, of 3 from 3 Colleges; B.M. 3, of 11 from 7 schools; B.A. 21, of a total of 58 from 17 schools. In all 37, of a total of 96 from 39 Institutions.

Of Undergraduates in Medicine, of a total of 23 from 7 schools, 7 were from University College. One hundred and ninety Students passed the Matriculation Examination; of these 34 proceeded from private tuition. Of the remaining 156 from 44 schools, 37, including 1 from the Junior School, were from University College.

The Honours obtained by Students of the College at the University Examinations were:—Scholarships—for the Degree of B.L., the University Law Scholarship by Mr. W. Fowler; Degree of B.A., the University Scholarship in Mathematics and Natural Philosophy by Mr. Frank Guthrie; the University Scholarship in Classics by Mr. William Flavel Hurndall.

Gold Medals—with Degree of LL.D., the 20*l.* Medal by Mr. Edward Steere; Degree of M.A., the Medal of 20*l.* by Mr. Wm. Bower Todhunter, as the first in Mathematics and Natural Philosophy, and the Medal of 20*l.* by Mr. John Hutton Tayler, as the first in Logic, Moral Philosophy, Philosophy of the Mind, Political Philosophy and Political Economy; Degree of B.M., a Gold Medal and the second place in Honours for his examination in Medicine by Mr. Charles James Shearman.

Of Undergraduates in Medicine at the First Examination for the Degree of B.M., Mr. Joseph Lister obtained a Gold Medal and the second place in Honours for his examination in Anatomy and Physiology, and a Gold Medal for his examination in Structural and Physiological Botany. At the B.A. Examination the Prize of Books for Chemistry was obtained by Mr. Edward Hunt. At the

Matriculation Examination, the Exhibition for Mathematics was obtained by Mr. James Savage.

The Andrews Scholarships of the College for 1850, for Proficiency in Latin, Greek, Mathematics, and Natural Philosophy, were awarded as follows:—The Scholarship of 100*l.* to Mr. John Power Hicks, and the two of 50*l.* each to Mr. James Savage and Mr. William Lewis respectively.

The Fellowes Clinical Medals were conferred as follows:—The Gold Medal for the Winter Term on Mr. Edward Jackson, of Sheffield; that for the Summer Term on Mr. Thomas George Fitz-Gerald, of London; and the Silver Medal for the Summer Term on Mr. Robert Bowman, of Richmond, New South Wales.

The success of the Students who passed into the College from the School has been as satisfactory as usual: Mr. Guthrie, the University Scholar in Mathematics and Natural Philosophy, was one of these: Mr. John Power Hicks, the first Andrews Scholar, was another. Mr. Hicks also obtained the highest prizes in the Latin and Greek Senior Classes; Mr. Richard Horton Smith obtained the 2d. certf. ~~highest prize~~ in the Extra Greek Class; Mr. Thomas Key obtained the highest prize in the Junior Class of Greek; and Mr. Lumley Smith obtained the second prize in the Junior Classes, both Latin and Greek.

UNIVERSITY DEGREES.

As connected with the subject of the Degrees of the University, the Council have to report, that the resolutions passed at the Special Meeting of Members of the College on the 9th of April, (*vide* page 9,) were, according to the request made at that Meeting, communicated by the Council to the Secretary of State and to the Senate of the University.

Regulations for admitting Students of Oxford, Cambridge, Dublin and Durham to the Examinations for the Degree of B.A. of the University have been made by the Senate, and have received the sanction of the Secretary of State; and by these Regulations persons who have completed an Under-Graduate's course of education at any of those Universities are exempt from the Matriculation Examination, but are to be admitted to the Examination for the Degree on the same footing as other Candidates. No step appears to have been taken respecting the granting of Certificates of Proficiency.

The Council have extended the facilities afforded by the Schoolmasters' Classes of the College for obtaining Degrees at the University. By a new Regulation, gentlemen who are not Schoolmasters may, on certain conditions, become entitled, by attendance on those Lectures, to the Certificates of Studentship required of Candidates for Degrees by the University.

PROFESSORSHIPS.

The changes which have occurred in the Professorships since the last Annual Meeting are as follows:—The vacancy in the Professorship of Law, occasioned by the death of Mr. Marshman, was filled up by the appointment of Mr. John A. Russell. At the close of the Session Mr. Arnott resigned the Professorship of Surgery, and the office of Surgeon to the Hospital; and Mr. Quain retired from the Professorship of Anatomy, of which during the two preceding years he had delivered half the course of Lectures. Mr. Erichsen, previously one of the Assistant-Surgeons at the Hospital, received the appointment of Professor of Surgery; and Mr. Ellis, who held the Chair of Anatomy jointly with Mr. Quain, was appointed sole Professor. Mr. Wharton Jones was appointed Ophthalmic Surgeon to the Hospital; and Mr. Quain, who had discharged the duties of that office since the establishment of the Eye Infirmary in the Hospital, was appointed Consulting Surgeon to that department. Mr. Quain retains his office of Special Professor of Clinical Surgery. Mr. Wm. Cadge, formerly a pupil in the Medical Faculty of the College, was appointed to succeed Mr. Erichsen as Assistant-Surgeon to the Hospital.

In the Faculty of Arts, Mr. Scott, having received the appointment of Principal, and Professor of Logic, and Moral and Mental Philosophy, of Owen's College, Manchester, resigned the Professorship of English, and Mr. Arthur Hugh Clough, M.A., late Tutor and Fellow of Oriel College, Oxford, and now Principal of University Hall, was appointed to that Chair. Professor Hoppus obtained permission to give a short Course of Lectures on the History of Theories of Natural Ethics.

The Council instituted a new Professorship of Mineralogy, and appointed to the Chair Mr. Edward J. Chapman, who, at the beginning of the Session, as mentioned in the last Report, had given a Course of Lectures on that subject. The Head Master of the Junior School has also had to supply the places of two Classical Masters. Mr. Greenwood, B.A. of the University of London, Fellow of this College, who received his education in the School and College, and had been some years engaged in teaching in the School, received the appointment of Professor of Greek and Latin at Owen's College, Manchester; and Mr. Brien was selected by the Agents of Hobart Town High School, from the list of Candidates formerly approved by the Council, for the appointment of Classical Head Master of that School, to succeed Mr. Eccleston, who died within a month after the opening of the School. The new Assistant-Masters of the Junior School are Mr. Newenham Travers, late Scholar of Lincoln College, Oxford, and Mr. Ierson of the University of Edinburgh.

LEGACIES AND DONATIONS.

The settlement of Dr. Holme's Legacy to the College took place in August last. The Executors then transferred to the College the following Stocks—12,000*l.* Consols; 2000*l.* 3¼ per Cents.; 2700*l.* Bank Stock. The amount of cash received was 3438*l.* 13*s.* 3*d.*, of which the sum of 2110*l.* 1*s.* 8*d.* was for Dividends and Interest accrued since the Testator's decease. The balance of cash as principal to the amount of 1328*l.* 14*s.* 7*d.* has since been invested in Consols, and the sum in that Stock is now 13,374*l.* 14*s.* 7*d.* The value of the bequest, including Books and Plate, which have been reserved for use in the College, may be estimated at 21,300*l.* The annual income from the invested funds is 655*l.*, to be applied, according to directions contained in the will of Dr. Holme, to the purposes of the Medical Department of the College, as the Council shall order.

The Council have also to announce a Bequest of 100*l.*, free of duty, by Mr. Wilkins of Mackworth, Derbyshire, which was received early in the current Session, and will be included in the accounts of the next Report.

They have reason to expect that they shall then have also to announce the receipt of a sum of 486*l.* on account of a Legacy of Chinese Books, left to the College by the late Hon. John Robert Morrison, a son of Dr. Morrison, by whom the collection of Chinese Books now in the College was formed. The Will of Mr. Morrison was not discovered until some time after his decease, and his effects having been dealt with under letters of administration, his Chinese Books were purchased at Hong Kong of the Administrators, for the British Government, in ignorance of the Legacy to the College. The property of Mr. Morrison became the subject of a Suit in Chancery, and in the course of the proceedings before the late Master, Mr. Duckworth, notice was taken of the specific Legacy of Books to the College, and the value was found to be 790*l.* A Decree of the Vice-Chancellor directed the sum of 540*l.* 7*s.* 1*d.* to be set apart, and after deducting the Duty, 486*l.* 5*s.* remains in the name of the Accountant-General on account of the Legacy. The Council instructed Mr. Amory, their Solicitor, to take the necessary steps for claiming the Legacy, and on Saturday last the Vice-Chancellor, on their petition, made an order for the payment of the sum of 486*l.* 5*s.* to the College.

FLAXMAN GALLERY.

The Council have to congratulate the Proprietors on the advanced state of the Flaxman Gallery, which even in its present condition greatly surpasses their expectations. They are assured that it will rank highly among the permanent objects of interest in the Metropolis. It has been enriched by other gifts from Miss Denman, by whose liberality it was first formed, and been otherwise enlarged. The Council have also reason to hope that the Gallery will receive a very valuable addition in the marble Statue of Flaxman, by the late Mr. Watson, an artist of great merit; a Statue which has been executed at the cost of a body of admirers both of Flaxman and Watson.

For the selection and arrangement of that portion of the works of Flaxman which adorns the Hall, the College is indebted to a Sub-Committee, appointed by the Committee of Subscribers to the Fund, consisting of Sir C. L. Eastlake, the President of the Royal Academy; Mr. C. R. Cockerell, R.A., Professor of

Architecture at the Royal Academy; Mr. Richard Cook, R.A.; Mr. Wyon, R.A., of Her Majesty's Mint; and Mr. John Heywood Hawkins, of Bignor Park, Sussex. The expense already incurred in fixing and preserving the works is about 400*l.*, and the Fund out of which it has been defrayed amounts to about 500*l.* The name of His Royal Highness Prince Albert is at the head of the list of contributors. The Council are informed that the balance in the hands of the Treasurer of the Fund, Mr. Robinson, will be insufficient for fixing and preserving in an adequate manner all the remaining works, but that the Committee feel confident of being supplied with the requisite means when the success which has attended their labours to this time shall be known to the public.

FINANCES.

The expenses of the Establishment, exclusive of those for which Special Funds are appropriated, amounted in 1849–50 to 6557*l.* 15*s.* Of this sum, 1660*l.* was incurred for Buildings, 458*l.* for Fittings and New Furniture, 161*l.* 3*s.* for additional Stock of Apparatus for the Birkbeck Laboratory, required in consequence of the increase of Students, 300*l.* augmentation allowances to Professors, and 195*l.* 15*s.* for Flaherty Scholarships. The remaining sum of 3784*l.*, within a few pounds the same as the preceding year, was incurred mainly for ordinary expenses. The Receipts, including 1050*l.* from the arrear of Dividends of the Holme Estate, applied for special purposes of the Medical Department of the College during that and the two previous years, since the decease of the Testator, partly in anticipation of the receipt of those Dividends, amounted to 3500*l.* The deficiency of 2862*l.* was met by the sale of 3000*l.* Consols (the Patriot Fund), which, as on a former occasion, the Council have taken as a loan to be considered a charge on the Property of the College, and to be replaced on the receipt of other funds applicable to general purposes.

On a comparison of the ordinary Receipts properly belonging to last year with the ordinary Expenditure, it appears that the latter exceeded the former by 1335*l.*, which has been paid out of Principal, besides the sum spent in permanent improvements. During the two previous years also the drain on Capital for ordinary purposes, in consequence of a diminution of income, had increased considerably.

HOSPITAL.

The Donations during the past year amounted to 2482*l.*, including the Collection at a Public Dinner at which his late Royal Highness the Duke of Cambridge presided: on that occasion a munificent contribution of 1000*l.* was received from the Rev. Deacon Morrell. The sum of 1166*l.* 14*s.* 10*d.* on account of the Legacy of the late Colonel Purchase was received during the past year, and the following new Legacies have been announced:—Mrs. Ann Goodman, late of Islington, 100*l.*; John Ansaldo Hewson, late of Woburn Place, 1000*l.*, free of duty. Notwithstanding these important aids, the Finances of the Hospital, in consequence of the diminution in the Receipts on account of Students' Fees, are in a very depressed state.

The Council have deemed it expedient to refer the financial condition both of the College and the Hospital to a Committee of their body for consideration and report.

CHAS. C. ATKINSON,

Secretary to the Council.

PROCEEDINGS

(REFERRED TO IN THE REPORT)

AT A

SPECIAL GENERAL MEETING

ON THE 9TH APRIL 1850.

Summoned by the Council in compliance with a requisition signed by twenty Members of the College, "to consider the Supplemental Charter of the University of London."

THE RIGHT HON. EDWARD STRUTT in the Chair.

On the motion of Samuel Sharp, Esq., seconded by James Booth, Esq.,

Resolved unanimously,

That whereas the Charter of the London University empowers the Senate to grant Degrees after examination of Candidates, and does not empower them to grant Degrees without examination of the Candidates: And whereas the Senate by their new Bye-Laws propose to omit part of the B.A. Examination in the case of Candidates who come with certificates from the Universities of Oxford and Cambridge or Dublin: Therefore this Meeting of the Proprietors of University College, thinking it right that all Candidates should undergo the same B.A. Examination, disapprove of the proposed Bye-Law.

On the motion of Frederic John Wood, LL.D., seconded by Professor Key,

Resolved,

That this Meeting regret the acceptance by the Senate of the University of London of that part of the Supplemental Charter which enables them to grant Certificates in isolated branches of knowledge apart from any proof of the Candidate having gone through a liberal course of education.

On the motion of Frederic John Wood, LL.D., seconded by W. A. Case, Esq.,

Resolved,

That the Council be respectfully requested forthwith to communicate the Resolutions just passed to the Home Secretary, Sir George Grey, and the Senate of the University of London.
